

INTRODUCING

# AIRFLEX II

Reimagined and refined, our best-seller made even better.

One-Touch Control.  
Powerful New Features.

The AIRFLEX II features all of the ground-breaking air-powered innovations of its predecessor plus, dynamic new features that truly place the AIRFLEX II in a class by itself. The stunning new touchscreen is the virtual command center for nearly all of the table's advanced functionality.

**Check out these features:**

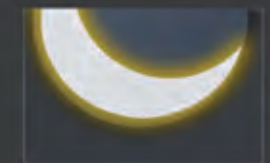

**Target Touch™**

Delivers nearly instant flexion balancing and easy patient set-up.

**Smart Lock**

Completely eliminates any need for manual flexion locking handles.

**Sleep Mode**

Automatically resets and replenishes all air functions between each patient.

**Air-Powered Auto-Flexion**

With motor-free, AI-monitoring and dynamic control of auto-flexion functions.

**Self-Diagnostic**

Provides automatic airflow testing and real-time status reports of all table systems.

**Modular Components**

AIRFLEX II base is easy to service and can be upgraded to auto-functions, any time.

**High-Capacity Air Supply**

The AIRFLEX II has a 100% more efficient compressor (110V, base) and a 100% larger air tank (Auto-Functions).

**New Smart-Valve Manifold**

New AIRFLEX II valves are rated at 10 million cycles with no rewiring needed if replacement is ever necessary.

**Programmable Logic Controller**

In place of a static circuit board, the PLC offers dynamic control of all table systems.

**Starts at \$5495**
